IUOE Local 39 Files Grievance against CalOES and receives favorable settlement

On April 9, 2018 the Union reached a settlement with California Office of Emergency Services relating to a grievance filed in November 2017. The grievance filed against CalOES was for attempting to take administrative functions for PSC OES Bargaining Unit 12 dedicated servers. The Department's contention was that servers and firewalls are the exclusive work of IT classifications and as such are not the responsibility of Senior/Telecommunication Technicians. The Union and shop steward Rob Acker demonstrated that this work is unique to the Unit 12 staff and provided a previous Out of Class decision that shows CalHR agrees the work is ours.
