IUOE Unit 12 Bargaining Update #1 – April 16, 2021

Prior to negotiations on April 15, 2021, the bargaining team outlined the critical work Bargaining Unit 12 employees contribute and how most of our members continued to work through the pandemic. A strong message was conveyed to the State team, we demand recognition for all our Essential work.

Unit 12 negotiations are progressing with no problems or concerns as of today's session. We are focused on getting our economic proposals to the State prior to May 14th which is when budget revisions are due. We have done several classification presentations of the work our brothers and sisters perform for the State. These presentations demonstrate the important and critical work you are performing in your duties as a Unit 12 state employee.

We are meeting every Thursday and Friday. Our goal is to get this contract wrapped up by June 30, 2021. We will update this website with Bargaining Updates as time progresses. Not every bargaining session will have something to report, so continue to check the website.

UNION STRONG!
