IUOE Unit 12 Bargaining Update #2 – April 30, 2021

Our bargaining team met with the State on Thursday and Friday of this week. During these bargaining sessions, the State has committed to working collaboratively on issues identified by the Unit 12 bargaining team. We have gotten positive feedback from the State regarding our presentations of the great work this Bargaining Unit provides for this State.

We have been working diligently passing our economic proposals to the State for costing prior to the Governor's May 14th budget revision.

Our bargaining team will not meet with the State next week to allow the State the opportunity to review our proposals and draft their counter proposals.

The next bargaining sessions is schedule for May 13-14, 2021. Your bargaining team will continue to carefully review all active proposals on the table. We anticipate being able to counter various proposals during our next session, and we look forward to continued progress.

In Solidarity!
