IUOE Unit 12 Bargaining Update #2 – March 3, 2023

IUOE Unit 12 Members,

Our bargaining team met with the State Thursday, March 2nd for our 4th bargaining session. Most of the bargaining sessions have been reviewing and negotiating contract language which will remain unchanged.

During the last session, the Union passed a total of 19 economic improved proposals. We have several more economic proposals to put on the table at our next session which is to be held on March 9th, 2023. It will take several bargaining sessions to present all our proposals at the table including all our supportive documents.

We will continue to meet with the State every Thursday for the next three months to ensure we have enough time for meaningful negotiations. It is our goal to get a contract wrapped up by the expiration of the current agreement.

We will update the website with Bargaining Updates as time progresses. Not every bargaining session will have something to report, so please check the website regularly.

In Solidarity,
