## **IUOE Unit 12 wins another pay grievance against Caltrans – November 5, 2019**

On August 27, 2019, an IUOE Unit 12, Local 39 union representative filed a grievance against Caltrans on behalf of one of our Tunnels and Tubes members.

The grievance claimed that the member had not received his regular paycheck for July 31 and August 15.

Caltrans researched the claim and found that our member did not receive his pay warrant on either payday and did not receive a salary advance in accordance with the BU 13 contract.

Therefore, Caltrans granted the grievance and agreed to pay our member \$1891.61 in penalty pay on top of his regular pay for those two pay dates.
