

IUOE Unit 12 reaches a Tentative Agreement with the State of California – June 25, 2020

On Thursday, June 25, 2020, the Union reached a Tentative Agreement with the State for a one-year contract.

The contract contains two days a month of the PLP program which includes 16 hours of PLP leave for the employees each month, the suspension of the OPEB/CBERT employee deduction for the duration of the agreement, 80/20 split of the health care increases in January 2021, and a contract reopener in the event the economy improves or the State receives a Federal stimulus package. The reduction to employees' wages will be approximately 4.6% each month, not the 10% reduction that the Governor was demanding.

It also contains 3 employer paid days off for training, some cleanup of the post and bid sections of the contract, some improvements to the overtime distribution section, and significant improvements to the contract language on alternate workweek schedules such as 4/10/40.

Given the circumstances and the degree of impact that the COVID-19 pandemic has had on the California economy, your bargaining team believes that it is time for our membership to weigh in and vote on the tentative agreement.

Remember, only Union members will receive a ballot and be able to vote on the tentative agreement. If you are not a member and you sign and submit a membership application before the vote, you will be eligible to vote.

If you are a union member and don't receive a ballot, please contact us at the Unit 12 email address on the Unit 12 website.

UNION STRONG!

Steve Crouch, Director of Public Employees and Chief Negotiator

YOU CAN MAKE A DIFFERENCE! Please make those calls.
