

INTERNATIONAL UNION OF OPERATING ENGINEERS

Craft-Maintenance Division State of California Unit 12
Locals 3, 39 & 501, AFL-CIO

IUOE Unit 12 has been assured by CalHR that the OPEB/CBERT deduction should not be on the August pay warrants – August 18, 2020

In a video conference meeting today between IUOE Unit 12 and CalHR representatives, we were assured that the State Controller's Office (SCO) should not be deducting the OPEB/CBERT employee contribution for the month of August and for the remainder of the term of the one year agreement that expires on June 30, 2021.

We were told that CalHR contacted the SCO on Friday to make sure that the deduction does not take place.

Furthermore, a pay letter is being issued that will make sure that all Unit 12 employees receive an additional 8 hours of PLP leave credits to make up for July and should be included on the September 1st pay warrant.

UNION STRONG!

Steve Crouch, Director of Public Employees and Chief Negotiator
